

# ZXR-500

## 5.1 Channel Speaker System

The perfect partner for any 5.1 channel soundcard, ZXR-500 will transform your PC into a thundering 65W home cinema and surround sound gaming system.

ZXR-500 is a powerful 5.1 channel speaker system, engineered to provide all the thrills of surround sound audio, whether it is enhancing the earth-trembling sound effects in your favourite movie, blasting out the latest games or immersing you in music.

Using years of professional audio experience, gained through the development of our award winning DigiTheatre and Sirocco ranges, this compact powerhouse has been engineered to outperform systems costing twice as much. With five powerful discrete satellite speakers and a mighty 25W RMS subwoofer, ZXR-500 pumps out some serious sound.

ZXR-500 includes dual flared subwoofer bass ports and a tuned amplifier for precise imaging. Individual volume controls and sturdy speaker stands ensure that its impressive 65W of power is delivered where and how you want it.

The comprehensive package includes everything you need to get up and running quickly with connecting cables, satellite speaker stands and a clear, concise user guide. Just connect up to your 6-channel soundcard, DVD or video player and enjoy.

### Powerful dual-ported subwoofer

Powerful 25W RMS subwoofer featuring two tuned bass ports ensuring distortion-free bass. Integrated amplifier with individual front panel volume controls and built-in low-noise power supply.

### Balanced 'natural' sound

Separate volume controls enable complete control of front, rear, centre and subwoofer speakers. Magnetically shielded speakers prevent interference with your PC and other electronic equipment.

### Sleek silver styling

Professional styling provides a stunning mix of form and function. Stylish matt silver finish chosen to complement your existing PC, video or hi-fi kit and look good in any room.

### Dolby Digital, DTS and Pro Logic compatible

Increasing numbers of DVD movies and music are recorded using these surround sound audio technologies. ZXR-500 provides six separate phono inputs and a carefully tuned amplifier to take full advantage of the sound from your 5.1 enabled sound card or decoder.

### Fast, easy setup

Plug-and-play speaker wiring (3m fronts and centre, 8m rears), clearly labelled connectors and clear, concise instructions for quick, easy connection.

### Accessories included

Five satellite speaker stands included to provide stable speaker positioning. Three dual phono to 3.5 mm cables for easy PC connection.

### Excellent support package

Two year warranty backed up by a technical hotline and website support.
