DIGITHEATRE PLATINUM

Fill Your Room with Sound, not Speakers

DigiTheatre Platinum fills your living room with surround sound for a truly exhilarating DVD experience. Designed using the very latest speaker technologies and high-end audio components, DigiTheatre Platinum decodes Dolby Digital, Dolby Pro Logic and DTS surround soundtracks, bringing you stunning 5.1 home cinema audio – the most significant feature of the DVD revolution.

DigiTheatre Platinum's clean, uncluttered lines blend into your living space. Its four satellite speakers are powerful and detailed, yet unobtrusive. The slimline dual-cone centre speaker features a centre-mounted control panel with a cool blue digital display. Turn it on and, together with the 8" long-throw subwoofer, these discreet speakers make their presence felt with an awesome 220W RMS of seamless surround sound.

DigiTheatre Platinum provides a superb balance of acoustic performance, raw power and discreet good looks. Discover the true DVD experience and hear what you've been missing.

Complete Home Cinema Speaker System

Advanced DSP decodes the latest 5.1 technologies, for stunning DTS, Dolby Digital, Pro Logic surround sound and CD audio.

Compact Satellites

Compact satellites are no bigger than a bag of sugar yet fill your living room with a detailed three dimensional soundstage.

Design Excellence

Stylish silver finish complements your existing AV equipment and blends into your living space.

Reputation built on excellence

DigiTheatre Platinum is the latest in a long line of award-winning home cinema and hi-fi products from PURE Digital.

Living room friendly

DigiTheatre Platinum's stylish design is non-intrusive and living-room friendly. Enjoy it when you want to; forget it when you don't.

Outstanding audio performance

Performance this good requires quality hi-fi components. Discreet lightweight satellites use polypropylene cones with rubber surrounds, neodymium magnets, die-cast aluminium chassis and 10 mm Audax tweeters for phenomenal audio balance and clarity. Powerful 70W, 8" long-throw triple-ported subwoofer delivers deep, earth-shattering bass.

Dedicated centre speaker/control panel

Stylish centre speaker with cool blue LCD digital display houses twin 3" high-quality drive units with concentric tweeters for clear, powerful dialogue. Compact control panel provides access to system functions.

Multiple inputs

Optical and coaxial digital (S/PDIF) inputs enable connection to any DVD player for Dolby Digital, Pro Logic and DTS surround sound, or to CD/MiniDisc/PC with digital output for stereo surround sound. Auxiliary input also available for other analog stereo sources such as NICAM VCR/TV, CD, MiniDisc or PC.

Easy to use

With its integrated amplifier and decoder, DigiTheatre Platinum is easy to connect and easy to use. Control it using the centre speaker's built-in control panel or the multi-function infrared remote control.

TECHNICAL SPECIFICATIONS
