Digital Audio Broadcasting

www.pure.com

From the world's leading manufacturer of DAB digital radios comes Élan, a modern radio for everyone to enjoy.

Élan offers all the DAB features you'd expect from PURE, including fast autotune, station selection by name, and scrolling text showing track and artist information, news and sports updates. We've also added 16 presets (eight DAB and eight FM) for storing and recalling your favourite stations, a clock display and even a sleep timer.

DAB digital broadcasting provides crystal clear interference-free audio. Add PURE's hi-fi design expertise, full-range stereo speakers and twin bass reflex ports and you can be sure that this compact radio will sound great, whatever your choice of listening.

With a contemporary look and premium build quality, Élan looks great around the home and its superior battery performance (30 hours DAB and 80 hours FM) means you've more freedom to roam with stereo digital quality sound than ever before.

Wider Station Choice

Choose from up to 55 DAB stations, plus your favourite local FM stations. DAB stations include BBC Radios 1-4, 5 Live and Classic FM plus many digital-only stations such as BBC 1Xtra, Radio 5 Live Sports Extra, BBC 6 Music, BBC7, PrimeTime, Core and Planet Rock.

Great DAB Features

Select stations by name, scrolling text, easy autotune, and crisp, clear interference-free sound.

Battery and Mains Powered

As well as mains power, Élan also offers 30 hours DAB and 80 hours FM from six 'C' cell batteries.

ALL THE BENEFITS OF DAB

The DAB transmission standard provides high-quality, interference-free digital audio without the hiss, crackle and fade of analogue broadcasts. Locate all available DAB stations quickly and easily using the autotune feature and then select them by name. List stations alphabetically or by most listened to. Scrolling text shows additional data such as song titles, artists' names, programme descriptions, news headlines and more.

WIDE VARIETY AND CHOICE OF STATIONS

Up to twice as many stations are available in many areas as via FM. UK stations broadcast digitally include national BBC Radios 1-4, BBC Radio 5 Live, Classic FM, talkSPORT and Virgin Radio, plus local and unique-to-digital stations such as BBC7, BBC 6Music, Oneword and Life.

SUPERIOR SOUND QUALITY

Digital sound quality delivered via stereo speakers with full range 3" drive units in an acoustically optimised casing with dual bass reflex ports for richer, more natural reproduction of low frequencies..

AUTOMATICALLY SET CLOCK

Clock is automatically updated from a broadcast DAB time signal, so you don't have to set it or worry about resetting it when the clocks go forward or back.

DISPLAY

Easy-to-read, custom display shows station name, scrolling text and programme information as well as the volume level, time, sleep timer setting, battery life and more.

SLEEP TIMER

Handy sleep timer means you can drift off to the sound of your favourite night time station in crystal-clear digital stereo sound. Choose from five easy-to-set options: 15, 30, 45, 60 or 90 minutes.

PRESETS AND STATION LISTS

Eight DAB and eight FM presets make it easy to find your favourite stations, while DAB's station list feature means you'll never have to remember a frequency again. Just look for the name of the station you're interested in and select it from the list. It's so easy to select stations that you may even find that you start to use radio differently, browsing to new programmes on stations you've never visited before.

MAINS AND BATTERY POWERED

With class-leading battery performance from six 'C' cell batteries and an ultra low-power standby mode, Élan is the perfect portable DAB radio.

TECHNICAL SPECIFICATIONS

Specifications: Stereo DAB digital and FM radio with full Band III reception capability, for reception of all UK DAB broadcasts. Compliant with ETS 300 401 and capable of decoding all DAB transmission modes 1-4 up to and including 256 kbps.
